Music - Frank Lewis

In my classroom, the student is an active participant in his or her music education. It is an experienced based classroom where children learn first by “doing music” not by reading or talking about it. They grow as musicians through trying new activities, refining skills through practice, and reflecting on areas of growth.

Lessons are packed with singing, moving and playing instruments to cultivate the student’s ability to carry out the three Artistic Processes:
Creating - Performing - Responding - as outlined by the national music standards.

- Grades K-5th receive two (30 minute lessons) a week.
- Middle school performing arts elective (Guitar / Marimba Band) M-F for 50 minutes
- Choir is open to students in grades 4th -8th and meets 4 days a week
- Choir days Mon-Tues-Wed and Thursday 7:30-8:20AM
- Students in 4th-8th grade may participate in the Musical Theater Production
