

## Visitor Sign-in Protocol Change

Introducing Raptor Safe Visitor Software

SCB Families and Community Members,

We are excited to announce that SCB is adopting the Raptor Safe mobile app as part of our ongoing commitment to enhancing school safety and streamlining visitor management in our schools. This app builds on our existing visitor procedures, offering a more convenient and secure check-in process for everyone.

### What is the Raptor Safe App?

The Raptor Safe app offers a convenient and secure way for visitors to manage and verify their identity before arriving at a school. With the Raptor Passport feature, visitors can pre-verify their identity, allowing for a seamless sign-in process when they arrive on campus.

### How Does It Work?

When visiting a school, visitors can use their secure QR code generated by the app to expedite the check-in process. QR codes automatically regenerate every 5 minutes to ensure security and prevent misuse.

### Getting Started

The Raptor Safe app is available to all visitors in our community. To download the app, please visit [RaptorSafe App](#). It is available for download on the Apple App Store and the Google Play Store as well. *Please note upon sign-up, we do not have a school code, so you need to choose the option of creating an account without a code.*

We will begin all visitor sign in using the Raptor App on **February 2nd, 2026**, allowing families to download the app and get registered over the next week.

For questions or assistance, please contact Cathleen Rieck ([crieck@stcharlesb.org](mailto:crieck@stcharlesb.org)) in our school office. Thank you as always for supporting us in helping us keep our schools safe.
