I work with students in grades K-8!

Working collaboratively with classroom teachers I provide assistance with:

Small group intervention with grades K-3, executive functioning help in middle school

Testing across grade levels (Dibels testing, MAP testing)

Small group support to students grades K-8 across subjects, helping our neurodiverse students but my classroom is open to ALL

IEP Support with our public school partners

Oral proctoring of exams and reading support

New this year... creative writing elective

New this year.. I am teaching a Creative Writing Elective open to all students grades 6-8

We will be responding to creative writing prompts and reading short stories ,and doing cool projects related to the stories. Stories for this Trimester include:

“Seventh Grade” by Gary Soto

“A Retrieved Reformation” by O’Henry

“Names/Nombres” by Julia Alvarez

“All summer in a day” by Ray Bradbury

And more!

Testing

- All students grades K-3 will participate in DIBELS testing 3 times a year. This gives us a good measurement of how students are doing in reading, mainly phonics and who needs support
- All students in grades 2-8 participate in MAP testing 3 times a year this gives us a good measurement of how students are performing in general

Conferences

- Conferences in October: I join as needed to discuss students and their needs/what is working and what we can adjust

Communication

- Best way to get in touch with me is via email:
